NON-DISCIPLINARY CONSENT AGREEMENT AND ORDER

In order to resolve this case quickly and judiciously, the Arizona State Board of Dental Examiners ("Board") and Glenn H. Featherman, D.M.D. enter into this Non-Disciplinary Consent Agreement and Order ("Consent Agreement") in lieu of further administrative and judicial proceedings. It is consistent with the public interest and the requirements and statutory authority of the Board, specifically, A.R.S. §§ 32-1263.01, -1263.02, and 41- 1092.07(F) (5). This Consent Agreement shall resolve all issues the Board has reviewed and investigated regarding the allegations in this matter.

Therefore, in lieu of further proceedings, Glenn H. Featherman, D.M.D. admits and understands that:

- 1. Any record prepared in this matter, all investigative materials prepared and received by the Board concerning the allegations, and all related materials and exhibits may be retained in the Board's file pertaining to this matter.

- 5. This Consent Agreement is subject to the Board's approval and will be effective only when the Board accepts it and it is signed on behalf of the Board. In the event that the Board, in its discretion, does not approve this Consent Agreement, it will be deemed withdrawn, will be of no evidentiary value and shall not be relied upon or introduced in any disciplinary proceeding by any party. Dr. Featherman agrees that should the Board reject this Consent Agreement and this case continues through the administrative process, he shall assert no claim that the Board was prejudiced by its review and discussion of this document or any related records.

DATED this // day of March 2014.

Glenn H. Feather

## FINDINGS OF FACT

- 1. Dr. Featherman holds license no. D 7998 initially issued by the Board on June 8, 2010.
- 2. Dr. Featherman saw patient SP on February 14, 2013 for a new patient exam. SP presented to Dr. Featherman with an upper denture and wanted a lower partial or denture. Dr. Featherman took four periapical radiographs at that appointment. Dr. Featherman's treatment plan for SP consisted of implants in the areas of teeth no. 22 and 27 and extraction of teeth nos. 20, 21, 22, 23, 24, 25, 26 and 27.

3. On February 16, 2013, Dr. Featherman extracted teeth nos. 20 through 27 and placed implants in the area of teeth nos. 22 and 27.

- 4. SP's treatment record does not contain documentation of the type, size or tracking numbers of implants placed or the area where the implant was placed
- 5. The implants Dr. Featherman placed have a 10-15 degree divergence, and are not in a good position to support an overdenture.
- 6. SP's treatment records note that the implant in the area of tooth 21 is "loose" and may not stay in place.

## **CONCLUSION OF LAW**
