# City of Scottsdale At Will Employment Statement

The relationship between the City of Scottsdale and its employees, including classified, unclassified, part time and job share employees, is an at-will employment relationship. "At-will" means that either the employee, or the City may end the employment relationship at any time. The Scottsdale Revised Code, Chapter 14 "Human Resources Management" contains provisions describing employee status, disciplinary actions and procedures.

The City also acts by Ordinance (City Code), Administrative Guidelines (AG's) and other policy direction to state the conditions and expectations of City employment. It is not the City's intent in making such policy statements, unless expressly provided, that they should be construed or interpreted as terms of any employment contract. Neither are they intended to create actionable rights or provide legal remedies for any individual employee, but rather to encourage a more respectful and productive work environment for every employee.

Brief description of the performance: On 9-19-01 at approximately 1800 hours, Ofc. Keefe and Ofc. Peters were in their assigned vehicles and were driving from different locations in District Two. They were headed south on the 101 freeway when they heard emergency traffic broadcast about a robbery that had just occurred near Pima/Frank Lloyd Wright. Each officer decided to stop on the shoulder of the freeway in order to take up a bulls-eye position and look for possible suspects. During this time, Ofc. A. Fairfield also heard the emergency traffic and then broadcast critical suspect information on the emergency channel.

Ofc. Peters saw the suspect vehicle described by Ofc. Fairfield as the vehicle went S/B on the 101 from about Chaparral. He called out this information to Ofc. Keefe who had also observed the suspect vehicle. Both officers then maintained sight of the vehicle and requested assistance with a felony stop. The vehicle was stopped and the investigation showed the occupants were in fact responsible for this armed robber as well as a string of other robberies around the valley.

Describe how the performance exceeds expectations: Our expectation is that officers assigned to calls will handle those calls appropriately. In this case, none of the officers involved were assigned to the hot traffic. Ofc. Keefe was headed to canine training after responding for a canine call-out. Ofc. Peters had been assigned as an actor for the SWAT scenario that night and was returning to district one.

Ofc. Keefe and Ofc. Peters each evaluated the circumstances of the suspect vehicle and determined the need to take enforcement action. While the occupant of the vehicle did not match the suspect perfectly, he was close enough that they decided to take action. It would have been easy for them to rationalize the circumstances as not related and then take no action. Their prompt and correct action allowed us to clear a well-sustained string of armed robberies around the valley.

Other related or important information: After the arrest and processing of the suspects, Ofc. Keefe returned to the scene and was able to locate the suspect's weapon that had been thrown from the window as the vehicle slowed for the felony stop.

Brief description of the performance:

----

On 3-22-01 Officer Peters responded to a Fraud in progress at the Fry's grocery store, 7628 E Indian School.

Officer Peters was able to locate and arrest the suspect at the scene. (DR 01-07564) Officer Peters then worked in coordination with the U.S. Postal Inspectors on this case, which ultimately resulted in numerous arrests of known serious offenders the Postal Inspectors were trying to apprehend.

Other related or important information:

Officer Peters went above and beyond the normal expectations of his patrol duties to resolve this case. He contacted the U.S. Postal Inspectors and advised them of his arrest. Officer Peters interviewed the suspect and obtained information which was extremely valuable in the resolution of this case. He then worked in coordination with the Postal Inspectors assisting them to gain further information needed. The ultimate result was numerous arrests made on several subjects who, according to the Postal Inspectors, were responsible for a large majority of the mail fraud in the east valley. Commonly it is routine for a Patrol officer to handle the initial response, and leave the further investigations for the detectives. Officer Peters took that extra step to ensure that this case would be resolved properly. This type of work ethic and professionalism brings great credit to the Scottsdale Police Department, specifically when working with outside agencies. This "SUPERIOR PERFORMANCE" should not go unrecognized. Detective Sgt. Nelson also complimented Officer Peters efforts and recommended that he receive a Superior Performance award.

SCOTTSDALE, AZ 85258

December 05, 2002

TO:

JAMES PETERS, POLICE OFFICER

FROM:

DOUGLAS L. BARTOSH, DIRECTOR OF PUBLIC SAFETY

SUBJECT: LETTER OF SUSPENSION (C.P. 02-078)

You are hereby suspended for a period of eight (8) days, equivalent to eighty (80) hours, from December 16, 2002 to December 30, 2002, under provisions of Section 14-72 of the Scottsdale City Code for violations of Humans Resources Ordinance Section 14-72 (30); An employee working for the Scottsdale Police Department has violated provisions of General Orders or Operations Orders of the Police Department and General Orders 47.00.F.8; Unprofessional Conduct.

My specific reason for this action is a result of your conduct on the date of August 09, 2002. You and a trainee recruit officer were transporting a handcuffed prisoner in the back seat of a patrol vehicle to Phoenix. While driving on the freeway, the prisoner became verbally abusive, and your trainee, who was driving, deliberately applied the brakes several times, causing the prisoner to strike the cage divider that separates prisoners from the front seat passengers. An administrative investigation concluded that this was an excessive use of force. You did not do anything to stop your trainee from this improper conduct, and did not document this incident on the Daily Observation Report detailing the trainee's performance for that date. This incident only came to light after the trainee mentioned it during a conversation with your supervisor. You did not have any explanation when asked why you didn't intervene with your trainee. In addition, you admitted to making several antagonistic and derogatory comments to the prisoner. These comments included profanity, and were unprofessional in nature. You have been counseled several times in the past twelve (12) months by your supervisor for either using profanity or being rude to citizens.

Officer Peters, as a Field Training Officer, you are charged with responsibility for training new recruit officers and must stop improper actions on the part of the trainee, especially those in clear violation of policy. Thus, in addition to the suspension mentioned above, you will not be allowed to participate in any of the duties of a Field Training Officer for two (2) years from the date of receipt of this letter. You may reapply to the program after that time.

Henceforth, you are expected to maintain a professional attitude while dealing with citizens, and to not engage in unprofessional conduct such as profanity. Failure to maintain expectations of performance, attitude and behavior, or your involvement in any similar incidents, will not be tolerated and shall result in your dismissal. During your suspension, you will be required to provide your supervisor with your commission card, electronic key card, department keys, pager, portable radio, computer equipment, computer and phone mail passwords and any other items deemed necessary.

As a full-time regular employee of the classified service, you have the right to appeal to the Personnel Board under sections 14-71 and 14-75 of the Scottsdale City Code. If you desire to appeal, you must submit a written request to the Human Resources Director no later than five working days after receipt of this letter.

TO:

JAMES PETERS, POLICE OFFICER

FROM:

JOHN COCCA, DEPUTY CHIEF OF POLICE

SUBJECT: LETTER OF REPRIMAND (CP 05-018)

You are officially reprimanded under provisions of the Scottsdale Revised Code Section 14-72 (30), "An employee working for the Scottsdale Police Department has violated provisions of General Orders or Operations Orders of the Police Department". Specifically, you violated General Order 47.00.F.21, unsafe performance, by mishandling your firearm.

On February 19, 2005, Sergeant Mike Hanafin observed you pointing your duty weapon at your head during briefing with your squad in the District Two briefing room. You removed your gun from its holster, pointed it at your face and looked down the barrel. When questioned about this by your supervisor, you said that it had rained the night before and you wanted to check to ensure the gun was clean. You admitted that this was an unsafe act and said it was out of character for you. .

The "Four Firearms Safety Rule" is recited at each visit to the Scottsdale Police Department Range. James, your actions were unsafe, out of department policy and procedures, and will not be tolerated.

Your disciplinary history during your employment with the department was reviewed and taken into consideration in determining the appropriate action for this violation.

Peters LOR

Henceforth, you are expected to:

 Adhere to the four basic firearms safety rules, which are taught at each range session, whenever handling a firearm.

Failure to maintain the standards of performance and behavior required above, or your involvement in any similar incidents may result in disciplinary action up to and including a reprimand, salary reduction, demotion, combination thereof, or dismissal.

In accordance with the Scottsdale City Code, Sections 14-71 and 14-75, Letters of Reprimand are not appealable to the Personnel board.

Subject:	Pay Increase	

Hopefully you have seen the Chief's memo outlining changes to the Police Officer Trainee salary. Your salary will change to \$35,193 effective 09-15-99, which is your date of hire. This means you will receive retro pay to that date and it will all be paid out on the paycheck of November 24th. Your salary will continue to be \$35,193 until 09-10-2000 which is the date of your new review. At that time you will be eligible for a merit increase. Should you have any questions regarding this new policy, please don't hesitate to contact me at ext 22410.

### Anti-Discrimination and Non-Harassment Policy

#### SECTION I

This section of the City's Anti-discrimination and Non-harassment Policy is intended to comply with federal statutes prohibiting discrimination in employment, as interpreted by the United States Supreme Court, and to Inform employees of legally enforceable rights and requirements.

#### Purpose

For the purpose of this policy, "employees" shall be defined to include employees, contract workers, and volunteers.

The purposes of this policy are:

- (a) To provide employees with a work environment free from unlawful discrimination, as provided by Title VII of the Civil Rights Act of 1964 and other state and federal laws;
- (b) To inform employees of prohibited acts and conduct, which constitute or contribute to unlawful discrimination or harassment; and
- (c) To provide employees with a complaint procedure, that will allow the City: (1) to promptly and thoroughly investigate alleged acts of discrimination and/or harassment; (2) to engage in preventative or corrective measures; and (3) to protect employees from retaliation for engaging in the complaint procedure.

### Policies:

Title VII of the Civil Rights Act of 1964, as amended, and other state and federal laws prohibit discrimination in employment because of race, color, religion, sex (including gender and sexual harassment), age, national origin, and/or disability. All employees are responsible for ensuring that the workplace is free from conduct or activities which constitute or contribute to such discrimination or harassment.

Discrimination means any act by a City employee or employees which negatively affects the terms and conditions of employment of another employee, which is motivated by the race, color, religion, sex (including gender and sexual harassment), age, national origin or disability of the employee who is the subject of the action. Discrimination does not include employment or workplace concerns, that do not involve conduct prohibited by Title VII and state and federal laws. Discrimination may occur in work assignments, working conditions, job classification, disciplinary actions, promotions, salaries, performance reviews, interpretation or application of City rules.

Sexual Harassment is a form of prohibited sex discrimination. The following conduct, which constitutes sexual harassment or contributes to it, is prohibited:

- (1) Verbal or physical conduct that threatens or insinuates, either explicitly or implicitly, that the employee's submission to or rejection of sexual advances will in any way influence any decision, evaluation, duties, or any other condition regarding the employee's employment;
- (2) Unwelcome sexual advances, gestures, touches, requests for dates, or requests for sexual favors;
- (3) Unwelcome comments, remarks, or threats, including but not limited to comments about an individual's body, use of sexual words to describe an individual, offensive jokes, comments or compliments of a sexually suggestive nature, innuendoes, inappropriate terms of endearment such as "doll", "honey", "babe", "hunk", and the like:
- (4) Display of sexually suggestive objects, books, magazines, photos, pictures or cartoons.

		•	

Any violation of this policy may result in disciplinary action, up to and including dismissal. Violation of this policy may also result in the potential for individual as well as municipal liability.

#### Process:

Complaints relating to alleged incidents of unlawful discrimination or harassment, either personally experienced or observed by an employee, or reasonably believed to have been experienced by another employee, should be reported to the employee's supervisor. Complaints involving the employee's supervisor, or someone in the employee's direct line of supervision, or complaints that for any other reason the employee may feel uncomfortable bringing to his or her immediate supervisor, or someone in the employee's direct line of supervision, should be brought to the Employee Relations Officer and/or the Diversity and Dialogue Officer.

Any supervisor receiving a complaint must inform the Employee Relations Officer as soon as possible, in order to allow the City to investigate all complaints expeditiously and professionally. Appropriate corrective action will be taken. Information acquired in the course of an investigation will be accorded the highest degree of confidentiality permitted by the circumstances and by law.

Providing false information or refusing to provide information in respect to a complaint is prohibited and may subject an employee to disciplinary action.

#### Retaliation

Retaliation against employees for reporting unlawful harassment or other discrimination, or for assisting the City in investigation of a complaint, is against the law, and will not be permitted. Retaliation includes, but is not limited to, unlawful discrimination or harassment as set forth above, refusing to recommend an employee for an opportunity for which he or she qualifies, spreading rumors about the employee, encouraging hostility from co-workers, or any other negative, tangible employment action done intentionally.

Any person who has taken any act of retaliation against another employee is subject to disciplinary action. Any instances of perceived retaliation must be reported to the Employee Relations Officer and/or the Diversity and Dialogue Officer.

### SECTION II

This section of the City's Anti-discrimination and Non-harassment Policy is designed to address the general conduct of employees, contract workers and volunteers in the workplace. It addresses inappropriate behaviors in the workplace which, though not unlawful, violate our City values and may result in disciplinary action.

### Policies:

It is the policy of the City to treat its employees fairly, equitably and professionally, and to provide all employees the same respect and dignity that they are expected to share with every citizen, customer and co-worker. The City of Scottsdale is a values-based organization, which considers its employees as its most important resource. This section of the policy reflects a commitment to the City's values, particularly "Respect the Individual" and "Value Diversity". Inappropriate behavior includes but is not limited to the following conduct:

- (1) Employees should not gossip, defame another employee, or act in a manner that could negatively impact the workplace morale, service or productivity;
- (2) Employees should not engage in humor or bantering in the workplace that may intimidate, offend, embarrass, or demean another person;

This section of the policy does not create any independent legally enforceable rights, such as the ability to proceed before the EEOC, nor is it intended to form the basis of a civil or criminal action, or to create any contractual rights.

### City of Scottsdale

### **Employee Developed Products**

### PURPOSE:

To establish City ownership of employee-developed inventions and products while providing employees with an incentive to create and innovate.

### POLICIES:

- Employee suggestions and work products, which Involve patentable inventions, shall be eligible
  for performance plus awards. The awards for inventions or products will be based on the current
  criteria used in determining performance plus awards.
- If a suggestion award is given and accepted for an invention and the invention results in
  patentable rights, the City shall own these rights. If the City decides not to own the patentable
  inventions or products, the City shall have the right to royalty-free use of the invention or product
  to improve the City's services or operations.

### PROCEDURES:

Any new employee, who will be in a position to develop copyrightable or patentable products, will sign a copyright/patent policy form during orientation.

I have read, understand and will comply with the Employee Developed Products Administrative Guideline.

## City of Scottsdale Administrative Regulation 320 – Ethical Standards Certificate of Receipt

The following is an excerpt from the City of Scottsdale's Ethical Standards AR 320:

### Sec. 1 Purpose

The expectation for all members of the City's workforce is that they will promote the highest standards of honesty and integrity in City government and ensure the quality of City government through adherence to ethical principles. The purpose of this Administrative Regulation is to identify standards of professional, ethical, legal, and socially responsible behavior expected of City employees, contract workers and volunteers (see Section 6, below). All City business should be conducted in a manner that is not only above reproach in fact, but also in appearance.

To frame ethics issues with a legal framework is only the beginning of the process that must be done in municipal government work. Legal guidelines provide only the initial foundation for ethical issues. As stewards of the public trust, City employees, contract workers and volunteers are expected to uphold the highest standard of conduct at all times. An individual employee's actions will be viewed and regarded by the community, customers and fellow staff persons, as a reflection of the City of Scottsdale and its values.

I have been provided a copy of and training on City of Scottsdale Administrative Regulation #320 – Ethical Standards. I have read the AR, understand it and agree to comply with it.

### CTY OF SCOTTSDALE SUBSTANCE ABUSE POLICY

Quality service to the citizens of Scottsdale and the use of lilegal drugs and misuse of controlled substances (any drug or substance that has a potential for abuse and whose use, possession, or distribution is illegal or regulated by federal law under the Controlled Substances Act) do not mix. The City of Scottsdale does not tolerate the use of illegal drugs or alcohol, or the misuse of controlled substances in the workplace. It is the intent of the City to maintain a drug and alcohol free workplace to keep City employees healthy, productive and free from injury. The use of illegal drugs and alcohol, and the misuse of controlled substances constitute threats to these objectives and pose potential serious risks to both employees and the City.

Every employee is required to abstain from the use of illegal drugs and alcohol, and the misuse of controlled substances in the workplace. Employees under the treatment of a physician are responsible for advising the physician of the kind of work done by the employee so that any medication prescribed will not negatively effect the employee's job performance, safety or the safety of others, including co-workers. The City may request that an employee provide the names and dosages of any medications being taken by the employee.

The City of Scottsdale, as a public employer, is concerned with the health and safety of both its citizens and employees. Accordingly, the following are prohibited in the workplace: (1) the use, sale, purchase, possession or manufacture of illegal drugs; (2) the misuse of controlled substances; (3) possession or use of alcoholic beverages in any form; (4) the presence of illegal drugs, unauthorized controlled substances or alcohol in an employee's system. Violations of these provisions will be the basis for disciplinary action up to and including termination.

The City adheres to a reasonable suspicion testing program, which applies to all employees. When reasonable suspicion exists, based upon observation, information or performance, that an employee is, has or may violate the substance abuse policy, the employee is required to submit to a test to determine whether an illegal drug, controlled substance or alcohol (individually or collectively "Required Test") has been used by the employee. REFUSAL OF AN EMPLOYEE TO SUBMIT TO A REQUIRED TEST WILL RESULT IN THE TERMINATION OF THE EMPLOYEE.

Positive results from a Required Test will be reviewed on a case by case basis and will result in appropriate disciplinary action, up to and including termination. When a review of the facts and circumstances of a case results in a determination of continued employment, the employee may be returned to duty subject to conditions, which may include return to duty and follow-up testing for the use of illegal drugs, controlled substances, or alcohol. Any employee who tests positive for illegal drugs, controlled substances or alcohol during a return to duty or follow-up test will be reminated.

In addition to this policy, police department employees are subject to additional policies as specified in current departmental General Orders. Commercial Driver's License holders are also subject, additionally, to the current policies and testing requirements mandated by the regulations of the United States Department of Transportation.

The City of Scottsdale encourages employees voluntarily to seek help ("self referral") through the City for referral, evaluation and treatment programs to resolve problems relating to the use or misuse of illegal drugs, alcohol or controlled substances. Self-referral will not relieve the employee of the responsibility for adequate job performance. Self-referral after notification of a Required Test will not eliminate the requirement to take such a test, nor will it preclude the taking of disciplinary action against an employee who fails a Required Test.

If you have questions about this policy, contact either your supervisor, or Gretchen Holt at (480) 312-2402 or Human Resource Systems at (480) 312-2491.

I have read the policy, it has been explained to me and I understand the City of Scottsdale's substance abuse policy, which appears above and I also acknowledge that I have been given a copy of it. I understand that if I desire, I may also have a copy of other formats, including large print, Spanish, or audio in English or Spanish. It is my responsibility to request a different format.

#### MEMORANDUM NO. 99-42

November 9, 1999

TO:

ALL SWORN PERSONNEL

FROM:

DOUGLAS BARTOSH, CHIEF OF POLICE

SUBJECT: PAY RANGE FOR NEW OFFICERS

In order to be more competitive with other valley agencies in our recruitment efforts, we will implement a pay range for Police Officer Trainees. Effective immediately, the current salary range for trainees will be moved to the same salary range as Police Officer, \$35,194 - \$49,962. All new trainees will be hired at \$35,194 and will be eligible for a performance increase one year from date of hire. This new policy will eliminate the practice of a promotional increase once the trainee successfully completes the FTO program, improve our competitiveness with other agencies, and will create a more consistent tracking mechanism for compensation purposes.

Any trainees at the current trainee salary level will be moved to the new range (\$35,194 -\$49,962) effective immediately. This change will be retroactive to July 1, 1999, which represents the start of this fiscal year. This change should be reflected on payroll checks received on November 24, 1999.

Other compensation categories continue to be compared to the market to insure that we are competitive and that employees are fairly compensated. We will make additional adjustments as those comparisons are finalized and funding is identified.

## City of Phoenix POLICE DEPARTMENT

May 17, 2011

Chief Alan G. Rodbell Scottsdale Police Department 8401 E, Indian School Road Scottsdale, AZ 85251

SCOTTSDALE POLICE MAY 2 6 2011 CHILFS OFFICE

Dear Chief Rodbell:

On March 12th, 2011, for the third year in a row, several members from the Phoenix Police Department's Special Assignments Unit participated in the St. Baldrick's Foundation fundralsing efforts, which benefits children's cancer research. The officers this year were all part of "Team Brady's Bunch" which is named after Valley resident. is a nine year old who was diagnosed with cancer at an early age and has battled this disease for most of his life. has been courageously fighting this disease on a daily basis while undergoing treatments at the Phoenix Children's Hospital. Currently, the disease is in remission.

This year the fundraising event was held in Scottsdale at the Skeptical Chymist located at 15688 N. Pima Road, Phoenix Sergeant Jayson Johnson, who coordinates this event for Phoenix SAU, reached out to members of your Special Assignments Unit. Sergeant Johnson challenged them to participate and proposed a joint demonstration of our Units' capabilities for the attendees at this event. Additionally, your officers were challenged to have their heads shaved as a show of support for the young children who are fighting their individual battles with cancer.

I commend the actions of all the listed officers involved in this year's St Baldrick's Foundation fundralsing efforts in the name of juvenile cancer research. This year the St Baldrick's Foundation event raised over \$30,000 dollars. This was a selfless act on the part of the officers for a very worthy cause and the officers' actions have brought positive light, not only upon themselves, but also to the Law Enforcement Community.

	Sgt. Slavin has submitted a Team Award nomination for the Special Assignment Unit that is well deserved. However, I feel that Sgt. Slavin should also be included in this group. Over the past year I have observed him do a terrific job of keeping this team of specialized Detectives functioning as a highly motivated group that often operates far outside of olty borders and relies on each other while tracking down dangerous felons. He is not a step back and let my guys do the job kind of supervisor-he does the same job as they all do on many days to keep this team running at its most efficient pace, and his efforts to lead from the front have in many ways been the reason this unit does such a great job.

were able to successfully obtain indictments and search warrants ultimately arresting these violent criminals.

- The SAU team assisted the Sex Crimes Unit with a murder for hire investigation. The suspect was under investigation for having sexual relations with his teen-aged daughter. After becoming aware that the victim and her mother were speaking with law enforcement, he began planning to have the victim murdered. The investigation progressed, and it was learned that he expanded his plan to have the victim, her mother and sister murdered. The suspect and his brother were tracked as they traveled from Carson City Nevada to Scottsdale to carry out the murders. Both were arrested by SAU in the parking lot of their hotel.
- Finally, the SAU team assisted the Paradise Valley Police Department with a highly publicized serial home invasion case in their city. There was a series of six home invasions, all targeting elderly victims. In the first case there were two armed suspects, and in the additional five home invasions only one suspect was observed in the homes, but it was reported that this suspect was communicating with someone via cell phone during the invasions. SAU arrested the suspect after he burglarized homes and properties in paradise valley. He was successfully taken into custody utilizing the street jump vehicle immobilization tactic. SAU then served a high-risk search warrant for PVPD in North Phoenix.

This group of quiet professionals is committed to service to all divisions within the police department and to the citizens of the City of Scottsdale. They work tirelessly, as a team, and give one hundred percent of themselves to ensure the successful outcome of many critical and complex missions. They exemplify the city values of Excellence, Initiative and Integrity. It is an honor and a pleasure to be their Supervisor.

Please accept this nomination. The performance of the Detectives in the Special Assignment Unit reflect credit upon themselves and the Scottsdale Police Department.

Detective James Peters is an excellent police officer and his awards and commendations are well documented. Not only does he do a tine job protecting the community and his partners here at the Police Department, he also takes time to make lives better for individuals in the community by the giving of his time and talents. On 11/06/2009, Detective Peters participated in the First Annual Coach Murphy's Home Run Derby, This was a volunteer effort to raise money to support a local charity. James prepared for the event in his usual all or nothing fashion. When it came time for him to do his thing, he hit 22 home runs to win the event. In the stands that day was a friend of the PD, Brandon cheered on Dective Peters as he hit every one of the 22 homers. special needs (physical/mental) 15 year old child who loves the positive attention given to him by police. On Wednesday, May 13, 2009 President Obama delivered a speech at Arizona State University's Commencement Ceremony at Sun Devil Stadium. Given the size and scope of the event, ASU Police Department requested our assistance in ensuring the event was safe and well organized. The Scottsdale Police Department responded accordingly.

Forty-seven Scottsdale Police employees including a Commander, Lieutenants, Sergeants, Detectives, Officers, Detention and Logistics personnel were assigned to work the event in a variety of functions. Scottsdale PD was directly responsible for organizing the multi-agency Mobile Field Force and provided command post, tactical, K9, mounted, and bike unit support.

The event was attended by over 65,000 people. There were no significant incidents, no significant injuries, and no significant arrests required. ASU Chief of Police expressed his sincere gratitude for the level of support provided and for our direct contribution to an event that was considered a tremendous success.

I would like to commend the personnel listed above for their professionalism and for representing the department so well.

SUBJECT: Commendation

In November 2008, the Drug Enforcement Unit began an investigation into a drug dealer who was selling cocaine to patrons of a downtown nightclub in Scottsdale. Evidence was obtained that resulted in the execution of a search warrant for the suspect's residence. The search was productive and led to further investigation of the suspect and his source of supply.

Several drug deals were arranged between the suspect and his source in which sizeable quantities of cocaine were purchased. It was soon evident that the investigation would evolve into a more complex drug trafficking case, and may lead to drug sources in Mexico. The Scottsdale Police Department DEU and the DEA Task Force Group One joined forces for the investigation of this drug trafficking organization. The case was named Operation White Christmas.

As the investigation progressed it became apparent that the best way to proceed was to use a wire intercept. Such investigations are very complex and require extensive planning, resources, and teamwork. The two ease agents were SPD Detective Chris Blumling and DEA Special Agent Mike Burke. With the assistance of Deputy Maricopa County Attorney Jennifer Brockel, a Title 3 wire intercept was authorized and executed. The wire tap involved several spins, and the information obtained from the intercept was crucial to the prosecution of the case.

Everyone worked together and made this investigation a resounding success. The two case agents, Chris Blumling and Mike Burke worked very hard and very long hours. The case agents were supported exceptionally well by their respective squads including their supervisors, fellow detectives and special agents, and police aides, as well as the Special Assignment Unit, the Intelligence Unit, the Conspiracy Unit, intelligence analysts, tech support, and SWAT. The supervisors led the effort admirably and worked hard to insure the success of the investigation. The teamwork was exemplary, and leadership was demonstrated at every level.

In April 2009, the long hours and hard work invested by everyone involved in this case resulted in the indictment of 20 subjects on 134 criminal charges. (Five additional indictments are pending along with additional criminal charges.) A significant cocaine dealer was arrested and will no longer deal drugs at the Scottsdale nightclubs. His source of illegal drugs was identified and arrested, along with several members of his drug trafficking organization. Additionally, investigators recovered cocaine, marijuana, methamphetamine, and other illegal drugs, confiscated seven firearms, and seized nearly one-half million dollars in cash and other assets. Operation White Christmas was a great example of what we can achieve when everyone works together as a team. You are hereby commended for your exceptional efforts in this outstanding investigation,

As a final note, the Phoenix Division Office of the DEA was very supportive and a significant source of funding for this investigation. The DEA supported the investigation by supplying phone lines, bi-lingual monitors, personnel, technology, analysis, and intelligence. The support we received was vital to the success of this investigation. Operation White Christmas was a significant local impact case, and an excellent demonstration of interagency cooperation and teamwork.

Dear Chief Rodbell

Re: K9 High Risk Deployment (HRD) School - Scottsdale, AZ March 10-14, 2008.

My K9 partner Badge and I had the privilege of attending the K9 High Risk Deployment School hosted by the Scottsdale Police Department K9 Unit from March 10-14th, 2008. The week focused on K9 training in high risk situations where the police dog and handler were exposed to reality based situations invoking tactical deployment with SWAT operators, gunfire, distraction devices, vehicle extractions, rural stealth tactics, tactical obedience, shield carry drills, tactical tracking, area searches and building searches. Dog teams from Phoenix, Pinal County Sheriffs, MCSO, Gilbert, Surprise, Salt River and Goodyear were also in attendance.

I was impressed by the cooperation and effort put forth by your department to make this such a successful training event. There were seven officer's released for the week to role play as "bad guys" for the police dogs. SWAT operators, James Peters, John Zobel, Rich Stavin, Mark Walther, Gerry Rollings, Chris Diplazza, Gary Gratz and Scott Galbralth stepped in to run the shooting range and provide instruction and back-up in the training scenarios. The newly acquired Lenco Bearcat APC was also provided by SWAT for our use.

Sgt. Chris Coffee and his K9 officers were very organized and professional and are truly a credit to your department. They provided outstanding venues to expose the police dogs to some truly high speed training. K9 Officer Scott DIIULLO was the lead instructor and has a wealth of knowledge in the tactical deployment of police dogs and a willingness to share this with other agencies so that K9 officers might survive a lethal confrontation. Scott was also a gradous host in allowing Badge and I to stay at his home with his family for the week.

I would like to thank you for supporting this inter-agency training in Scottsdale. Please pass on a heartfelt thank you to your K9 and SWAT units for a job well done. I look forward to more joint training with the Scottsdale Police Department in the future and would like to extend an invitation to have your K9 officers come to Canada to joint train with my agency so that I may return the courtesy that was extended to me.

incerely.

Thank you for your very kind email. I am very pleased that things are going well. I will try to identify the Officers involved and extend your thanks to them. Many Officers go throughout their careers without knowing how much thanks to them. It is always a sleet surface to be a first transfer of them. they have touched others. It is always a nice surprise to hear from someone, regardless of how much time has pasters. Be safe.

ear Chief Rodbell,

I am embarrassed that I have not contacted you or the department prior to now. To try and make a long story short, about 4 years ago, I discovered that my husband of two years had been a functioning alcoholic for 25 years. As things got worse and worse for him, my horror story began. Over the course of several months there years. As unings you make the work of the and threatened to shoot me and kill himself, a suicide watch while he was on the run, talking him off of a cliff,

04/08/2008

two trips to META, and the list goes on. I am sure you have heard this story far too often. An extremely intelligent executive hits rock bottom, finds jail time, destroys family and friends, and becomes homeless and/or ultimately dead.

I have always been impressed and supportive of our Scottsdale Police Department, but the experiences that I had as a very naive (but 48 year old) "victim" were horrific and unforgettable. I know that I owe so much to the detectives and officers that I met over those months. Besides being here instantly when called, their skills, abilities, professionalism, protection of me and my privacy with the neighbors, is just the tip of the iceberg. The kindness, concern, empathy, understanding, and advice that they provided to me and my elderly parents was far over and above what I would have ever expected.

I could go into all of the details but I am sure that you know how valuable your force is to all of us, I feel like I did as a young child when we were taught that "the police are your friend and to always wave as they drive by...." The people of our city have no idea of the variety of issues that your team faces (I'm sure I don't either), but the way that they responded and helped, and made me feel safe, most likely did save my life, and ultimately helped me to start a new one.

I don't remember all of the names and for that I apologize. I hope that you will look them up and thank them from the reference to my name and or address. I have often stopped members of your team just to say thank you and I am sure that they think I must be nuts. However, I will always have the greatest respect for you and your force and can never thank you enough for what you did for me, my ex-husband, my parents, and for what you do every day. Please pass on a big thank you.

I write today as my ex-husband is no longer in my life but has stolen a car in Mesa and is on the run with a suicide threat (history does repeat itself). It reminds me of what I went through and although I doubt that he would ever return here, I know, without hesitation, that I am in good hands if I need them.

I am not writing because I need anything. I am writing because I should have four years ago. I am writing to say that if you need a volunteer to help with other "victims" like me (the unsuspecting and shocked), or to talk about your team in schools, seminars, etc. I can (have the skills) and would do anything to help as I know that "you" would do that and more for me.

Best Regards,

2006 Chief's Award of Excellence Nomination

Congratulations for being nominated for a Chief's Award of Excellence for 2006. It is quite an honor to be recognized by a co-worker or supervisor who took the time to write a nomination for an award of this type.

Attached is a copy of the nomination that was submitted to my office. I thought it would be appropriate for you to read and have a copy of what has been written about you by a fellow employee.

From: Officer Craig Abernethy RE: Chief's Award Nomination

I'd like to nominate Det. James Peters #745 for the Special Assignment Officer of the Year or the Police Officer of the Year because I think he would be a fine recipient of either. As you know, James Peters is one of the most dynamic officers that we have here at the Scottsdale Police department. He is well versed in tactics; investigations, interrogations and experience.

James is unique in the sense that he believes that this job is his calling. He treats his service to the City of Scottsdale as a privilege and a duty. He never falters and is always training, training. He trains more than any officer I know and is the person who I most admire for his determination and eagerness to learn more and more. While many of us erroneously view training as simply a POST requirement, James soaks it up. He is mentally and physically prepared, due to his high training standards, so that he can handle many difficult situations.

Prior to his police career, James was called on by his coaches to perform at a high level in college baseball. James of course was a great success as a baseball player. His success, I'm convinced was due to his great training and effort. He was always prepared even for the toughest of competitions. James and his team may not have won every single game, but you can bet that James believed he could win every game and played that way. At the end of his college career, James was recognized as an outstanding ball player.

As stated above, James continues his excellent attitude and superior training standards as a Scottsdale Police Officer (Detective). I would like to see him officially recognized for his outstanding services to the City of Scottsdale citizens and to the Scottsdale Police Department. As in his baseball career, James is currently called on to perform at a high level. This makes sense because this is what he is trained to do. James performed at superior levels time and time again this year. On a competitive baseball team, coaches often start their top players because the outcome of the game depends on the skill and readiness of those chosen to play. The same type of selection process occurs hear at the Scottsdale Police Department. James has trained to be on the "varsity team" here at the Scottsdale Police Department and is often in the game during critical incidents.

Because of James' high attendance at critical incidents, he has been confronted with dangerous situations. One situation that needs to be mentioned occurred when a deranged gunman stole a Krispy Kream truck and then took a hostage at a Safeway store. James ended the situation successfully and saved the life of the elderly hostage. It should be noted that it will never be known how many lives were saved that day by James. Had James not acted as he did, when he did, several officers may have been injured by the hostage taker as several were converging on his location. Later, via the media, the former hostage labeled James as his hero. I concur, James is a Hero.

Another incident occurred in the fall of 2006. James, with the assistance of Thom Myers, successfully countered active-aggressing from a suspect and saved the lives of their partners (police officers) as well as their own. James and Thom were both heroes in this situation.

The common theme in both of the above incidents is training. James Peters trains to win and does not falter. He is prepared and ready for everything. Those who know James are thankful for him as an officer and a friend.

James is a Superman of sorts. He is strong when he needs to be but can be comforting and compassionate when called upon.

James has received many commendations and has been recognized for his work, but I'd like to see him receive an official commendation in the form of a Chief's Award. Throughout his career, James silently battled negative media always with his chin up, never commenting on the spin chosen by the misinformed "journalists". James does what he does because it is the right thing to do. He will continue to do the right thing whether he receives this award or not. For these and many other reasons please consider James Peters for the Chief's Award of Excellence.

Thank you,

Craig Abernethy 704

Again, congratulations.

Alan G. Rodbell Chief of Police

We would like to nominate a fellow squad member, James Peters for the Patrol Officer of the Year Award.

Recently James was transferred to the HBAT Unit but prior to that he worked hard in patrol. James' work ethic is second to none and certainly rubs off on those around him. We have gained simply by watching him work. His fellow employees have dubbed James "The Puzzle Master" because of his uncanny ability to solve complicated cases.

In his career and within this past year James has been involved in several serious situations. In each situation, James has saved the day by doing what many of us hope we never have to. Recently James was involved in a shooting when a suspect was striking at another officer with a metal pipe from close range. James reacted as most of us hope we could, with accuracy and swiftness. The direct result of James' action was that both James and the other officer were able to go home to their families.

The intent of this nomination is not to focus on the extraordinary incidents, of which any one would be worthy of the award, but to focus on the everyday enthusiasm given to the community every workday by James Peters.

Some will ask, "Did you hear that James got involved in a shooting?" We respond by saying, "Did you hear that James was the first one on the scene." Why is James often first to the scene or at least always around on important scenes? It is because of his work ethic, enthusiasm, and compassion for the job. He has a strong sense of being accountable to his squad mates and community.

James shows up for work everyday with a can do attitude. Many times I have reached a dead end with investigations only to hear that James had some how found a new lead to continue the case. He is a master of resources and has them all at his fingertips.

James Peters is a true asset and resource to the Scottsdale Police Department. He is certainly a valuable player. James is quiet about his accomplishments and does not toot his own horn. This public honor would show James that his works are not going unnoticed. He absolutely deserves the Patrol Officer Of the Year Award. Please give James great consideration for the award.

Dear Mr.

For the first time during my "senior years", I've seen a project which truly BENEFITS disabled seniors, relieves our minds, and frees us from several unspoken fears. In reference to the Rescue Lock Boxes recently distributed by your Association, I'm the lucky recipient of one of those emergency lock boxes.

In 10 years, I've undergone over 45 surgeries and hospitalizations, along with 6 weeks of daily radiation. What's left of me is pretty well, just a crispy critter. Chemo & radiation for the first cancer got me a second cancer five years later; hairey cell leukemia and two more rounds of even more toxic chemo.

I'm 72 years old now and in good shape (considering!). But, I live upstairs in a low income housing project for the aged. No one warned us that old age ain't no place for sissies. Neighbors aren't neighborly anymore. Families, what's left of them, are scattered to the four winds. There's an 80 page directory crammed with agencies that receive a heckovalot of money to provide "services" to the aged. There's another directory full of agencies that hold fund raiser, balls, & marathons allegedly to benefit the victims of catastrophic diseases. In 11 years of being the doubtful beneficiary of three catastrophic diseases, I've never received, nor have I known anyone that has received one sigle tangible benefit from any of the agencies.

That is until SAAR came along. The tamper-proof lockboxes are a HUUUUUUGE benefit to disabled seniors, regardless of how Spartan our housing, how little police/ET response reaches our actual lives & the lives around us, and regardless of the favoritism that permeates so many agency administrations.

Your simplified <u>process</u> doesn't invade the painful details of our sterile lives nor degrade us with expectations that humiliate us for our multiple limitations. Your coordinator somehow gets the job done without making us jump through deeply personal information hoops.

I've lost track of the old ladies that have cried in my presence about their fears of dying alone because they don't believe they will be able to unlock their door during a heart attack &/or stroke. Others weep at the idea that they will smell bad and be "nasty" when they are finally found after dying — because no one can get in until the smell becomes noticeable. Others have wept tears of humiliation, (me included) when remembering the uproar surrounding their having called an EMP &/or ambulance during a previous crisis eyent. And, there's the fear of an unlocked door.

Your Rescue Lock Boxes changes all of these awful scenarios and makes possible better handling and better outcomes than ever before.

Whoever conceptualized your RESCUE concept should receive considerable recognition. It's truly an inspired concept with subrosa roots that are yet to be discovered. It's a project that will ALWAYS be needed by the most vulnerable & least protected in society; impoverished, elderly, sick people with multiple disabilities. Shakespeare said it better than I can: "My life itself, and the best heart of it, thanks you for this great good care of my body and soul."

On 09/26/04 you, along with other officers, responded to the Bookmart, 10818 Scottsdale Rd regarding a subject that had just passed a counterfeit \$100.00 bill. While you were there you received a call from the Harkins movie theater that they also had a similar subject also just try to pass a counterfeit \$100.00 bill.

You responded to the Harkins and obtained a physical description of the suspect and that he was last seen walking away from the theater. There was no mention of a vehicle at this time.

A short time later you displayed remarkable observations by observing a subject sitting in the back of a two-door vehicle that was stopped at a light for northbound Scottsdale road while you were traveling southbound on Scottsdale Rd. You were able to get turned around and you stopped the vehicle.

During your investigation you were able to develop probable cause to arrest the suspect. The suspect had multiple warrants for his arrest for forgery and for parole violations and you were able to arrest one of the passengers. You were able to seize multiple counterfeit \$100.00 bills some that were only half printed, and other evidence that lead to seven other victims in two cities as well as marijuana.

The suspect also had file stops out for him from Glendale, Phoenix ROP and the U.S. Postal Service. Phoenix and the U.S. Postal service responded to assist with the investigation. This is currently an on going investigation, which is sure to clear multiple cases.

I appreciate the initiative, attention to detail and your commitment to making our community safer.

Commendation SUBJECT:

On 04/12/04, at 0220 hours, you responded to a check activity call at the Albertsons grocery located Hayden Rd. & Indian Bend Rd. Specifically, suspect/s were believed to be burglarizing vending machines at the location.

You each exercised sound tactics in establishing a perimeter and moving into the area without alerting the suspect/s to your presence. Subsequently, two suspects were discovered burglarizing vending machines. Both suspects were taken into custody without incident. It was later determined that both suspects were on probation and additional stolen property and drugs were found in their possession. The arrest of these two suspects undoubtedly prevented additional locations from being victimized.

I appreciate the excellent team work exhibited and your commitment to making our community safer,

Dear Chief Rodbell:

On January 18, 2004 two inmates at the Arizona Department of Corrections Lewis Prison facility attempted an escape. During the course of the escape attempt one of the inmates gained control of the Morey Unit guard tower, taking two correctional officers hostage. He then gained access to the tower's AR 15 and fixed on other correctional officers who had confronted the second inmate in the yard. As a result, the inmates barricaded themselves and the hostages in the guard tower.

These inmates were now armed with two firearms and assorted chemical agents and dispersal systems. The tower itself presented unique tactical challenges as the inmates controlled the high ground and the tower was designed to be impregnable. Thus began the longest prison hostage situation in Arizona and U.S. history.

Personnel from the Scottsdale Police Department responded and functioned under the Joint Law Enforcement Incident Command. They were faced with a formable task. Their professionalism, creativity and discipline played a significant role in the ultimate release of the hostages and a peaceful resolution of this incident:

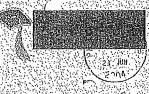

The manner in which your personnel performed their duties in supporting this operation was in the highest traditions of law enforcement and the Scottsdale Police Department in particular. You can be proud of their contribution in resolving this difficult and highly dangerous situation.

I am proud to have served with such dedicated personnel from the Scottsdale Police Department on this incident. Please extend to all of them my sincere appreciation for a job well done.

Sincerely,

Criminal Investigation Division

Norm Beasley, Dt. Colonel Assistant Director

Re; Ride along

On Monday Nov 17th, I experienced a ride-along as part of the Citizen's Police Academy. It started at 6:30 AM in district # 1, where I was assigned to Officer James Peters. I thoroughly enjoyed the experience and the service calls that Officer Peters responded to. Most of all I admired the professional way Officer Peters conducted himself and the respect he demonstrated in handling the people involved in the calls. His conduct, demeanor and concern, not only benefits the Scottsdale Police Department, but every citizen that lives in the community. This is a definite indication of the excellent training and supervision he receives from the department. Thank you again for this enlightening program.

Dear Chief Rodbell:

On December 31<sup>st</sup>, January 2<sup>nd</sup> and January 3<sup>rd</sup> your Mounted Unit, Mobile Field Force, and some of your Police Officers assisted our department with traffic control and security at the Tostitos Fiesta Bowl Block party, Fiesta Bowl pep rally, and the Fiesta Bowl game. This years Fiesta Bowl was the national championship game and attracted well over 100,000 people to the downtown Tempe area and national media coverage.

Your mounted unit along with other mounted units from valley agencies were key to the success for these three events. Because of your departments involvement we were able to have a huge mounted police presence of approximately twenty horses each day. This mounted presence prevented criminal conduct and civil disorder that could have occurred at any of these events.

The mounted officers spent long hours in saddle and dealt with a large crowd that at times was difficult to deal with. Your mounted officers were patient and professional in dealing with the public and represented your department very well. The following mounted officers should be commended for their performance during the three events.

Steve Boltz Danny Garcia
Sergeant Tom Hill Gary Sheldon
Kirk Toth Bill Yedowitz

Your Mobile Field Force also helped the Tempe Police Department with a show of force for all three events. We received compliments from the many people attending the events stating that they felt safe due the presence of all the officers. The following officers should be commended for their performance during the events, especially following the football game:

Dear Chief:

I wanted to write to commend the extraordinary staff at the Scottsdale Police Department.

As you know, on December 1, 2002 my husband was involved in an incident where he was injured. At 4:30am I received the call that all police wives dread. I spoke to Officer Dan Kiricoples who handled the phone call extremely well. He identified himself and then immediately assured me my husband was OK but was injured. Officer James Powers then came to pick me up and take me to Kevin at the hospital. On the ride to the hospital I was assured by Officer Powers that Kevin was OK but had hurt his back and needed xrays and a CT-scan.

When I got to the hospital there were at least six officers with Kevin who immediately put themselves at my disposal. The hospital staff was very cooperative with all of us (the police and my family and friends that were present). Throughout the whole morning, up until he was released, we were constantly surrounded by officers and SPD staff. It was extremely reassuring to me, especially since this was my first time going through this (I am praying it will be my last!)

Again, I would like to acknowledge everyone who supported us during this time and I am thankful and proud of everyone who assisted us in this time of crisis. This list I am sure is not complete, and please forgive me if I left a name out.

Brief description of the performance: On 9-19-01 at approximately 1800 hours, Ofc. Keefe and Ofc. Peters were in their assigned vehicles and were driving from different locations in District Two. They were headed south on the 101 freeway when they heard emergency traffic broadcast about a robbery that had just occurred near Pima/Frank Lloyd Wright. Each officer decided to stop on the shoulder of the freeway in order to take up a bulls-eye position and look for possible suspects. During this time, Ofc. A. Fairfield also heard the emergency traffic and then broadcast critical suspect information on the emergency channel.

Ofc. Peters saw the suspect vehicle described by Ofc. Fairfield as the vehicle went S/B on the 101 from about Chaparral. He called out this information to Ofc. Keefe who had also observed the suspect vehicle. Both officers then maintained sight of the vehicle and requested assistance with a felony stop. The vehicle was stopped and the investigation showed the occupants were in fact responsible for this armed robber as well as a string of other robberies around the valley.

Describe how the performance exceeds expectations: Our experitation is that officers assigned to calls will handle those calls appropriately. In this case, none of the officers involved were assigned to the hot traffic. Ofc. Keefe was headed to canine training after responding for a canine call-out. Ofc. Peters had been assigned as an actor for the SWAT scenario that night and was returning to district one.

Ofc. Keefe and Ofc. Peters each evaluated the circumstances of the suspect vehicle and determined the need to take enforcement action. While the occupant of the vehicle did not match the suspect perfectly, he was close enough that they decided to take action. It would have been easy for them to rationalize the circumstances as not related and then take no action. Their prompt and correct action allowed us to clear a well-sustained string of armed robberles around the valley.

Other related or important information: After the arrest and processing of the suspects, Ofc. Keefe returned to the scene and was able to locate the suspect's weapon that had been thrown from the window as the vehicle slowed for the felony stop.

Chief Douglas Bartosh Scottsdale Police Department 9065 East Vla Linda

Scottsdale, AZ 85258

Dear Chief Bartosh:

This letter is to commend officers of the Scottsdale Police Department for assistance provided to Detectives of the Gilbert Police Department Special Investigation Unit.

ACK TIM BEST. THY

On July 5, 2001, detectives from the Gilbert Police Special Investigation Unit conducted surveillance at the Days Inn Hotel in Scottsdale in attempt to locate suspects in an auto theft investigation. Several of the suspects had outstanding warrants for their arrest, and were known to be involved in narcotics sales.

During the surveillance, three stolen vehicles were observed arriving at the hotel being driven by the suspects under investigation. Sergeant Jeffrey Smythe was the supervisor on duty at the time, and was contacted by our detectives for assistance in the event the subjects attempted to flee when contacted and to have a uniformed officer present upon contact. Detectives advised Sergeant Smythe that the surveillance could last for an extended time, and they would need to move in at short notice when the suspects arrived. Sergeant Smythe dld not hesitate to provide assistance, and assigned Officers S. Carpenter and J. Peters to assist in the surveillance and contact. Sergeant Smythe also provided a Scottsdale Police radio to the detectives to communicate with Officers Carpenter and Peters directly when the targets arrived.

The suspects arrived driving a stolen vehicle, and Officers Carpenter and Peters assisted the Gilbert Detectives, who were in plain clothes, in the contact and securing of the subjects. Eight persons were located in the hotel room upon contact, four of which had felony warrants. Sergeant Smythe arrived on scene, and provided additional officers and resources to transport those arrested along with a canine unit to assist in the search of the hotel room after narcotics were discovered inside. As a result of the assistance of the Scottsdale Police Department, over \$65,000 in stolen vehicles and property was recovered and five suspects booked into Jall.

The Detectives of the Special Investigation Unit were extremely impressed with the level of assistance and resources provided by Sergeant Smythe, Officer Carpenter, Officer Peters, and the other officers who responded. This unit often works with other police agencies in the valley, and the level of assistance and commitment they received from your agency and officers on this occasion was uncommon. The detectives and I wish to commend the <u>Scottsdale Police Department</u> for the <u>professionalism</u> and commitment to duty demonstrated by your officers in this investigation.

Sincerely,

On 3-22-01 Officer Peters responded to a Fraud in progress at the Fry's grocery store, 7628 E Indian School. Officer Peters was able to locate and arrest the suspect at the scene. (DR 01-07564). Officer Peters then worked in coordination with the U.S. Postal Inspectors on this case, which ultimately resulted in numerous arrests of known serious offenders the Postal Inspectors were trying to apprehend.

Other related or important information:

Officer Peters went above and beyond the normal expectations of his patrol duties to resolve this case, He contacted the U.S. Postal Inspectors and advised them of his arrest. Officer Peters interviewed the suspect and obtained information which was extremely valuable in the resolution of this case. He then worked in coordination with the Postal Inspectors assisting them to gain further information needed. The ultimate result was numerous arrests made on several subjects who, according to the Postal Inspectors, were responsible for a large majority of the mail fraud in the east valley. Commonly it is routine for a Patrol officer to handle the initial response, and leave the further investigations for the detectives. Officer Peters took that extra step to ensure that this case would be resolved properly. This type of work ethic and professionalism brings great credit to the Scottsdale Police Department, specifically when working with outside agencies. This "SUPERIOR PERFORMANCE" should not go unrecognized. Detective Sgt. Nelson also complimented Officer Peters efforts and recommended that he receive a Superior Performance award,

JAMES PETERS, POLICE OFFICER

FROM:

JOHN COCCA, DEPUTY CHIEF OF POLICE

SUBJECT: LETTER OF REPRIMAND (CP 05-018)

You are officially reprimanded under provisions of the Scottsdale Revised Code Section 14-72 (30), "An employee working for the Scottsdale Police Department has violated provisions of General Orders or Operations Orders of the Police Department". Specifically, you violated General Order 47.00, F.21, unsafe performance, by mishandling your firearm.

On February 19, 2005, Sergeant Mike Hanafin observed you pointing your duty weapon at your head during briefing with your squad in the District Two briefing room. You removed your gun from its holster, pointed it at your face and looked down the barrel. When questioned about this by your supervisor, you said that it had rained the night before and you wanted to check to ensure the gun was clean. You admitted that this was an unsafe act and said it was out of character for you.

The "Four Firearms Safety Rule" is recited at each visit to the Scottsdale Police Department Range. James, your actions were unsafe, out of department policy and procedures, and will not be tolerated.

Your disciplinary history during your employment with the department was reviewed and taken into consideration in determining the appropriate action for this violation.

Peters LOR

Henceforth, you are expected to:

• Adhere to the four basic firearms safety rules, which are taught at each range session, whenever handling a firearm.

Failure to maintain the standards of performance and behavior required above, or your involvement in any similar incidents may result in disciplinary action up to and including a reprimand, salary reduction, demotion, combination thereof, or dismissal.

In accordance with the Scottsdale City Code, Sections 14-71 and 14-75, Letters of Reprimand are not appealable to the Personnel board.

POLICE DEPARTMENT

December 05, 2002

An Internationally Accordited Police Agency Since 1991

TO:

JAMES PETERS, POLICE OFFICER

FROM:

DOUGLAS L. BARTOSH, DIRECTOR OF PUBLIC SAFETY

(1

SUBJECT: LETTER OF SUSPENSION (C.P. 02-078)

You are hereby suspended for a period of eight (8) days, equivalent to eighty (80) hours, from December 16, 2002 to December 30, 2002, under provisions of Section 14-72 of the Scottsdale City Code for violations of Humans Resources Ordinance Section 14-72 (30); An employee working for the Scottsdale Police Department has violated provisions of General Orders or Operations Orders of the Police Department and General Orders 47.00.F.8; Unprofessional Conduct.

My specific reason for this action is a result of your conduct on the date of August 09, 2002. You and a trainee recruit officer were transporting a handcuffed prisoner in the back seat of a patrol vehicle to Phoenix. While driving on the freeway, the prisoner became verbally abusive, and your trainee, who was driving, deliberately applied the brakes several times, causing the prisoner to strike the cage divider that separates prisoners from the front seat passengers. An administrative investigation concluded that this was an excessive use of force. You did not do anything to stop your trainee from this improper conduct, and did not document this incident on the Daily Observation Report detailing the trainee's performance for that date. This incident only came to light after the trainee mentioned it during a conversation with your supervisor. You did not have any explanation when asked why you didn't intervene with your trainee. In addition, you admitted to making several antagonistic and derogatory comments to the prisoner. These comments included profamity, and were unprofessional in nature. You have been counseled several times in the past twelve (12) months by your supervisor for either using profanity or being rude to citizens.

Officer Peters, as a Field Training Officer, you are charged with responsibility for training new recruit officers and must stop improper actions on the part of the trainee especially those in clear violation of policy. Thus, in addition to the suspensior mentioned above, you will not be allowed to participate in any of the duties of a Field Training Officer for two (2) years from the date of receipt of this letter. You may reapply to the program after that time.

James Peters Letter of Suspension Page 2 of 2

Henceforth, you are expected to maintain a professional attitude while dealing with citizens, and to not engage in unprofessional conduct such as profanity. Failure to maintain expectations of performance, attitude and behavior, or your involvement in any similar incidents, will not be tolerated and shall result in your dismissal. During your suspension, you will be required to provide your supervisor with your commission card, electronic key card, department keys, pager, portable radio, computer equipment, computer and phone mail passwords and any other items deemed necessary.

As a full-time regular employee of the classified service, you have the right to appeal to the Personnel Board under sections 14-71 and 14-75 of the Scottsdale City Code. If you desire to appeal, you must submit a written request to the Human Resources Director no later than five working days after receipt of this letter.
