Peoria, AZ 85382

RE: Case No. 201400049-MP

Dear Dr. Edwards:

The Board has considered all information and investigative materials in regard to the above-referenced case. Following that review, the Board finds there is no violation of the Dental Practice Act, Arizona Revised Statutes §32-1201 through §32-1299. However, the Board expressed concern stating **"Dr. Edwards should have a process in place to verify the tooth being extracted is the proper tooth."**

This letter of concern, pursuant to A.R.S. §32-1263.01(B) will become part of your file. A letter of concern is defined in A.R.S. §32-1201(13) as follows:

*"Letter of Concern" means an advisory letter to notify a licensee or a registered business entity that, while the evidence does not warrant disciplinary action, the Board believes that the licensee or registered business entity should modify or eliminate certain practices and that continuation of the activities that led to information being submitted to the Board may result in board action against the practitioner's license or the business entity's registration. A letter of concern is not a disciplinary action. A letter of concern is a public document and may be used in a future disciplinary action. (emphasis added)*

If you have any questions or concerns, please contact this office at (602)242-1492.

Sincerely,

Elaine Hugunin  
Executive Director
